Pacific Gas and Electric Company, to revise its gas rates and tariffs to be effective July 1, 2005.

Summary: On June 9, 2005, Evelyn Kahl, counsel to the Indicated Producers, met with Robert Lane, advisor to Cmmr. Bohn, in San Francisco. Also present was Brian Prusnek, advisor to Cmmr. Kennedy. Written materials (attached to the notice) were used. Kahl discussed the Draft Decision's (DD) treatment of CARE cost allocation and observed that the record on CARE charges and impact is complete and there is no reason to defer resolution of the issue to a later proceeding as proposed by the DD. Kahl stated that the Commission should take the time necessary to develop an alternate decision resolving this issue. Kahl noted that CARE charges have increased 1022 percent since 2001; this increase requires reconsideration of the existing allocation methodology. Kahl also noted that an allocator based on usage is not appropriate for CARE surcharges and that an equal percentage of transportation revenues (EPTR) methodology would be a more appropriate way to allocate these costs. Kahl urged that at a minimum, the costs should be allocated using fifty percent equal cents per therm and fifty percent EPTR.
